ZEP Vibes

February 2024

President's Corner

Love is in the air! It's February and we know that on Valentine's Day we are more intentional about letting our love shine with those we hold close. Your husband, wife or partner; as well as your family and children are high on that list. Don't forget to love yourself too! I challenge you to continue being intentional about your love of self, family, and others and step it up all year long. Being kind to yourself and to others is a great legacy to leave behind. I love you! Do you love you? If yes, let your love shine wherever you go! Happy Valentine's Day!

Sincerely,
Madam Founder Reisho, President

Happy Anniversary
