*Maturity doesn't happen with age.
With Growth comes Maturity.*

Asbestos Exposure in the US

Asbestos exposure has been a problem for the United States and the military branches.

During World War II, the war in Korea and Vietnam, these branches heavily relied on asbestos.

Military asbestos exposure has caused thousands of veterans to develop lung cancer or mesothelioma after retirement. This toxic mineral dust can remain in the air for hours, placing anyone in danger of inhaling or ingesting it.

If you are veterans or know someone that was exposed to Asbestos, contact www.osha.gov/asbestos

Sisterhood symbolizes all that we wish to accomplish in our lives. It represents the struggles we all face as we grow. Why we cling to it no one can explain, but in the end, we are all stronger for it.

** Sisters are the ones who have your back through thick and thin.*

** Sisters are the ones who know you through and through and love you anyways.*
