ZEP Vibes

December 2023

President's Corner

We did it! We have made it to the last month of the year. What a journey we have been on. This is the time of year when most people reflect on the successes of the year. There are also those who are reminded of time without their loved ones. While we celebrate this holiday season, please remember those who may find themselves alone or without family. Remember how blessed you are and consider sharing your blessings with others around you. For me, it's been 10 years since I lost my mother. She was a Vietnam Era Veteran and is a large part of why I support military families with a focus on women and children. Who do you support? What is your motivation? With whom do you share your blessings? When you give, consider it an investment in yourself, because one day.....it maybe you who is in need.

Sincerely,
Madam Founder Reisho, President
